DETAILED ACTION

1. The reply brief filed on September 26, 2006, has not been considered because it is not in compliance with 37 CFR 41.41(a). The reply brief refers to new, non-admitted evidence in violation of 37 CFR 41.41(a)(2). See URL cited by Applicant on page 2 of 5.

No showing has been made of good and sufficient reasons why the evidence is necessary and was not earlier presented.

Furthermore, no copy of said new, non-admitted evidence has been provided to the Examiner.

Moreover website content may change. Applicant has not indicated a date on which the cited URL referred to the new, non-admitted evidence which Applicant intended to cite; thus, the Examiner and the BPAI would be unable to reliably ascertain the unique "instructive tutorial" which Applicant intended to cite as new, non-admitted evidence.

For these reasons, the Examiner has not considered the Reply Brief.

2. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
